

## PRESS RELEASE

December 2016

2017 Quorning Boats is celebrating 50 Years of Dragonfly – same family, same yard, same concept, and same vision as 50 years ago.

Quorning Boats was founded in 1967 by the current sole owner, Jens Quornings father, Børge Quorning – together with his younger brother Bent – with the aim to build safe high-end quality trimarans with outstanding performance, setting new standards in trimaran sailing.

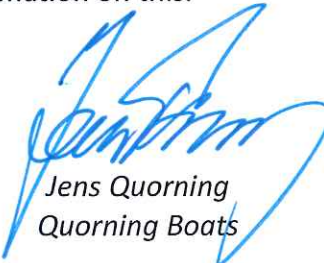

Today, Quorning Boats is still located in the same place, where it all began in the late 1960's - in the little village Skærbæk in Jutland, Denmark. Since then, the company has expanded its factory several times and bought adjacent buildings - adding storage space and production capacity. By the summer of 2016, Quorning Boats has built 1,100 boats over a period of 50 years, hereof 785 trimarans. Our dedicated and high-skilled staff sets high standards for modern boat building today. Each boat is built on demand with individual desires to meet the dream of each owner.

Today's range counts the Dragonfly 35 Swing Wing, a Luxurious Ocean Cruiser, the Dragonfly 32 Swing Wing, our Performance Cruiser, the Dragonfly 28 Swing Wing, the Family Cruiser & Racer, and finally the Dragonfly 25 Swing Wing, the Weekend Cruiser & Racer – our newcomer from 2015.

At the "boot 2017" in Düsseldorf from 21<sup>st</sup> till 29<sup>th</sup> January 2017, we look forward to showing the newest generation of our Dragonfly 25 Sport, Dragonfly 28 Performance and Dragonfly 32 Supreme, showing all-new and updated features.

In this connection, we would like to invite all Dragonfly enthusiasts to celebrate this milestone in the Dragonfly history. Come join the party at the "boot 2017" in Düsseldorf, Saturday 28 January 2017, at our stand No 15A28 from 16:00 hours. We hope to see you there!

Celebrating both 50 Years of Dragonfly and our best year ever, we are presenting all clients – new and existing – a special 50 Years of Dragonfly Anniversary Offer on the complete Dragonfly Range, for a limited period. Please contact us for further information on this.
